

# Your Partner for Angiography

**medran**<sup>®</sup> Mark 7 Arterion  
Injection System

# 50 Years in Angiography:

## Innovation in Your Interventional Suite

Bayer is a pioneering leader in the field of angiography and an innovator our customers rely on.

From the inception of the Heilman-Wholey injector in 1967 – to today's advancements in power injection and imaging, Bayer has consistently listened to your needs and delivered solutions that have changed healthcare. Our uncompromising experience and expertise continue to raise the bar in innovation and performance. We're the experts you've valued for fifty years and the partner you can rely on.

# MEDRAD® Mark 7 Arterion Gets High Marks in Customer Satisfaction.

Radiologists, cardiologists and clinicians around the globe point to our solutions as their trusted partner in ease of use, safety, and high-quality performance. Our customers endorse MEDRAD® Mark 7 Arterion with an overwhelming willingness to recommend and to buy it again.

**97%** say MEDRAD® Mark 7 Arterion has good overall performance

**97%** recommend MEDRAD® Mark 7 Arterion

**97%** will purchase MEDRAD® Mark 7 Arterion again

**92%** see an advantage of MEDRAD® Mark 7 Arterion compared to their previous injector

**80%** rate MEDRAD® Mark 7 Arterion excellent or very good

1. Easy to operate, easy to set up syringes and disposable, easy post procedure handling.
2. Good performance, minimum down time, good clinical application service.
3. Safety, high efficiency in workflow.

*\*Bayer Customer Satisfaction Survey of 125 customers in Italy, Japan, Germany and the U.S., December 2016*

50 Years of Innovation:

## Our Customers Are at the Center of Everything We Do

### Color Touchscreen Display

- › Injection protocol, contrast media volume in syringe and injection result on the main screen
- › Store and sort up to 35 injection protocols
- › Recalls last 50 actual injection results

### Ergonomic Design

- › Handle on injector head
- › Large handle on pedestal for mobility
- › Large, smooth rolling casters lock in place
- › 20% smaller footprint and 32% lighter compared to MEDRAD® Mark V ProVis

### Articulating Front Load Syringe

- › Easy set up, use and tear down
- › Quick one-handed tubing attachment with MEDRAD® Twist & Go

## Your Partner for Peace of Mind

### Device Service

- › 24/7/365 emergency technical support\*
- › High quality on-site service
- › Quality care and exceptional value in three customized solutions\*

#### **DirectCARE™**

*Service Agreement Programs*

Bayer's most comprehensive on-site service

#### **SelectCARE™**

*Service Agreement Programs*

Essential Bayer options for customized solutions

#### **PartnerCARE™**

*Service Agreement Programs*

The Bayer complement to in-house capabilities

- › Real-time monitoring and rapid resolution by remote support technology\*

### Clinical Application Service

- › On-site clinical training to perform procedures with confidence from day one

*\*With purchase of applicable service agreement programs*

# MEDRAD® Mark 7 Arterion Sterile Disposables

The clear polycarbonate barrel of the MEDRAD® Mark 7 Arterion Syringe (ART 700 SYR) and MEDRAD® Twist & Go Disposable Syringe (TAG 150 SYR) enable visualization of both contrast and air, facilitating your safety monitoring.

The MEDRAD® Twist & Go Disposable Syringe and the MEDRAD® Twist & Go High Pressure Connector Tubing (TAG C50 HPCT and TAG C150 HPCT) provides one-handed set-up, for a quick and simplified tubing attachment.\* Two lengths of High Pressure Connector Tubing enable flexibility in injector placement and configuration.

MEDRAD® VFlow software and Sterile Hand Controller (VF HC) enable consistent and precise contrast delivery at fixed and variable flow rates.\*\*\*
